

## Akram H. Mahmoud, DO

Akram H. Mahmoud, DO is a board-certified neurosurgeon specializing in the neurosurgical management of adult brain and spinal disorders including neurosurgery and neurotrauma. He specializes in treatment of traumatic brain and spinal injuries, tumors of the central nervous system, and degenerative spine conditions.

Dr. Mahmoud received his undergraduate degree at West Virginia State College, graduating with honors, before attending the West Virginia School of Osteopathic Medicine. He completed his neurosurgery residency at Pontiac Osteopathic Hospital. He then completed a spine fellowship at Wayne State Medical School, Department of Neurosurgery, where he was trained extensively in spinal disorder care, including lumbar disc herniation, cervical and lumbar decompression and fusion, neurotrauma, spinal trauma, and complex spinal surgery. After completing his fellowship, Dr. Mahmoud became the Director of Neuroscience and Assistant Program Director of Neurosurgical Residency at OhioHealth Grant Medical Center. Dr. Mahmoud has emerged from his training and experience as an excellent surgeon who cares deeply for the well-being of his patients.

Dr. Mahmoud now practices at the NeuroSpine Center of Wisconsin, a multispecialty private group practice providing comprehensive world-class integrated care to individuals suffering from spine injuries, brain injuries, tumors, and acute or chronic pain. In addition to surgeons, the clinic houses physiatrists and physical therapists. The providers at the NeuroSpine Center of Wisconsin work closely as a team to give each patient exceptional individualized care with the least risk and inconvenience at every step along the road to recovery.
